Order your new Cobalt or Malibu boat

No year-end price increases, winterization, storage or recommission charges!

3. ENJOY

Enjoy delivery of your brand new, custom 2025 Cobalt or Malibu boat in the Spring!

A Letter From

Our Family to Yours

As we wrap up another unforgettable boating season, we want to thank you for being part of the Seattle Boat family.

Seattle Boat has always been more than a business. For over 40 years, this company has grown through the shared efforts of our incredible team and the trust of customers like you. In recent years, we've been honored to step into the next generation of leadership, continuing to serve our customers and community with the same dedication and heart.

Like any family, we've weathered challenges together. From starting to rebuild after the Seattle Main fire to navigating the shifts of a post-pandemic boating world, our mission has remained the same: to create fun and memorable boating experiences for you and your family. We are continually looking for ways to improve across all departments and are committed to reviewing every opportunity to serve you even better in the seasons ahead.

This year, we expanded that mission with the launch of Chelan Bay Marina, a new home for boat sales, rentals, and slip access on Lake Chelan. We also broke ground on the full rebuild of Lake Tapps, where we're creating a state-of-the-art facility for the local boating community, complete with a fuel dock, showroom, dry stack, boat club, and Big Swell surf shop.

We continue to expand our footprint across the Pacific Northwest to take care of your needs wherever your vessel takes you while remaining focused on delighting our customers with continued ingenuity, premium service, and the care of a passionate, dedicated team.

Thank you for trusting us with your boating memories. We can't wait to see you on the water again soon.

With gratitude,

Elizabeth & Jeff Bohling
Seattle Boat Company
